

Clearing Cache in Chrome

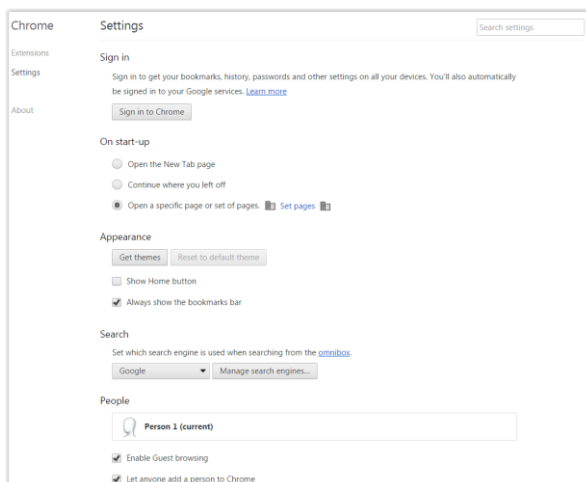

Open Chrome

From the top right hand side of the screen, look for the **three dots**

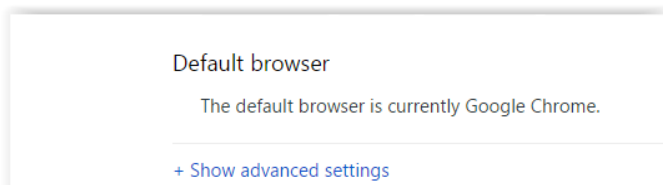

Click on these dots, then click on **Settings** near the bottom

A tab with the Chrome settings will appear

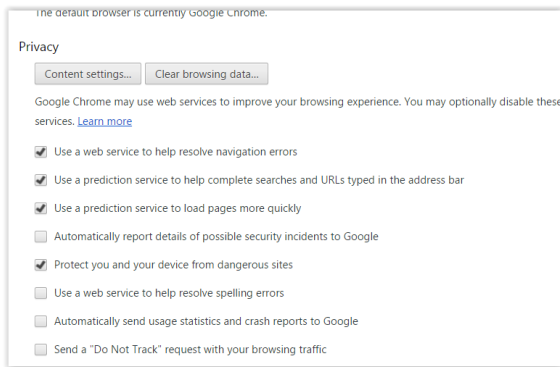

Scroll down to the bottom and click on **Advanced Settings**

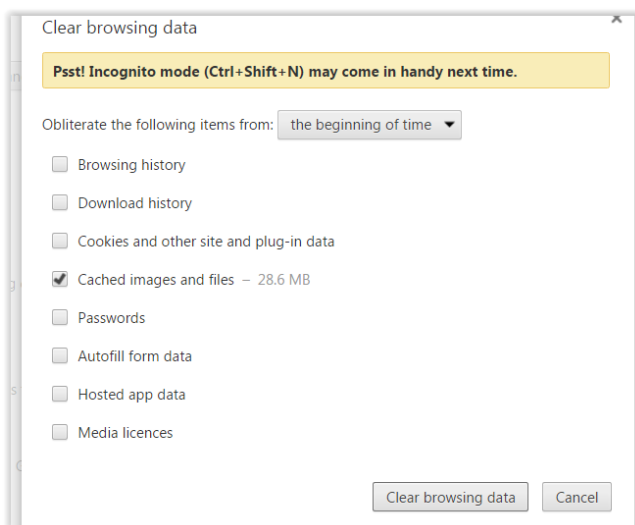

The first block of new settings will be privacy.

Click **Clear Browsing Data**

Make sure **cached images and files** is ticked

Click **Clear Browsing Data**.

Close Chrome and open it again.

You may need to do this more than once.
