

## How do I Find my Courses?

First things first: You need to log into the site. From the front page, look for the login link in the top right hand corner of the screen

You are not logged in. ([Log in](#))

You will be taken to the log in screen

**Log in**

**Log in**

[Forgotten your username or password?](#)

Cookies must be enabled in your browser [?](#)

Your username is your 6 digit student ID. This will be printed on your student pass

Your password has been preset to your date of birth in the format dd-Mmm-yy Further details about your password and, more importantly how to change it, can be found on the [IT Guide for Students page](#) of the SOAS website.

Once you successfully log in you should see your name in the top right hand corner of the screen

As your enrolments are processed by Registry, your courses will start to appear in the Navigation Block in both the My Home and My courses links

They show up as links

If all your courses are not showing don't panic.

It takes a while for all the data to be processed and passed to the BLE. For the first 3 weeks of term you can access your courses using the course search box on the Home page

Search courses:

We recommend you use the course code as many courses have similar or identical names.
